

## COMPANY PROFILE

**HSC Consulting** is a dynamic Eastern Cape based practice formed by the merging in March 2003 of **Hamish Scott Consulting (Pty) Ltd** established in 1999 and **Civil and Rural Consulting Engineers** established in 1995. We have a team which is highly motivated with substantial experience in a large variety of interesting and challenging projects. Our aim is to provide a cost effective innovative service with solutions appropriate to the clients' needs.

The firm has offices in East London, Stutterheim and Mthatha and operates throughout the Eastern Cape and South Africa. HSC is registered as a CC with 6 Directors and 20 technical staff, who have been involved in projects for a wide variety of national and international clients, in both the public and private sectors. Individual directors have worked in Africa, the Far East, Europe, USA and Mauritius.

We are members of SAACE (South African Association of Consulting Engineers) and SABTACO (South African Black Technical and Allied Careers Organisation).

BBBEE status: Level two contributor. BBBEE Procurement Level: 125% Recognition.

The office is highly computerised and has high speed electronic links allowing us to work effectively with other firms and on projects at a distance. We also we have close links with a number of other individuals and firms locally to provide our clients with a larger range of services and skills within a single appointment.

The directors of **HSC Consulting** have been involved in projects for a wide variety of national and international clients in both the public and private sectors. The projects include buildings, sports stadia, industrial projects, civil engineering works and urban engineering as well as Project Management of physical projects and planning projects.
